

## **GTA Members Briefing & Code of Practice Seminar**

GTA Members are invited to join CEO, Pat O'Shannassy and Projects Manager, Tim Ross as they discuss important updates relating to the revised Australian Grains Industry Code of Practice, and other emerging issues facing the grain industry.

Members will be aware the Code of Practice has been revised during in 2017/18. These seminars will outline the key changes and issues arising from the review

The Code of Practice is a key component of the grains industry's self-regulatory framework, driven and managed by industry. The Code of Practice outlines the base practices and procedures expected of industry participants and plays an important role in ensuring customer and stakeholder confidence in the Australian grains value chain. Adherence to the Code is mandatory for GTA Members.

### **Topics to be discussed include:**

- |  |  |
|--|--|
| ✦ The Code of Practice                 | ✦ The Code of Practice Assessment Programs,                  |
