

## EXPLANATORY MEMORANDUM GTA LOCATION DIFFERENTIALS 2017/2018 SEASON – QLD, NSW, VIC, SA & WA

### 1. What is a GTA Location Differential

A Location Differential is the “value” attributed to a specific up country grain bulk storage and handling facility to an export port terminal facility by the GTA Commerce Committee for the purpose of valuing up-country grain on a ‘port bases’. The up country grain bulk storage and handling facility must be operated by a GTA Member.

### 2. Purpose

GTA Location Differentials (LDs) are widely used by the Australian grain industry to price “port based” contracts in particular the *GTA Contract No 2 Grain and Oilseeds in Bulk - Basis Track* commonly known as the “*Track Contract*”.

### 3. Commerce Committee

The GTA Commerce Committee is responsible for the development and ongoing review of the values used as the GTA LDs.

The 2017/18 Commerce Committee consisted of:

<b>Michael</b>	<b>Wood</b>	<b>Chair - GTA Director</b>
<b>Geoff</b>	<b>Farnsworth</b>	<b>Deputy Chair - GTA Director</b>
Darryl	Borlase	ADM Trading Australia
Nathan	Cattle	Clear Grain Exchange
Anthony	Chapman	Australia Grain Export
Wade	Dabinett	Grain Producers Australia (GPA)
Simon	Gellert	Glencore Agriculture Pty Ltd
Stephen	Howells	Ridley AgriProducts
Michelle	Kerr	Riordan Grains
Brant	Laidlaw	Emerald Grain
Joshua	Lawrence	Allied Pinnacle
David	McKeon	GrainGrowers Ltd
Luke	O'Connor	GrainCorp Operations Ltd
Belinda	Turner	Cofco Agri Australia Pty Ltd

### 4. Location Differential Development Process

The GTA Board approved a Standard Operating Procedure (SOP) for setting Location Differentials (LDs) in March 2017. The following outlines the process undertaken to set the GTA 2017/2018 Location Differentials:

#### **4.1 Step One**

Member Update 2 of 17 was circulated to members on 23 February 2017 calling for the nomination of new sites by GTA members and submissions outlining any issues with the current LDs. Round 1 submissions were due 20 March 2017.

#### **4.2 Step Two**

The GTA Commerce Committee met on 27<sup>th</sup> March 2017 and reviewed all submissions and site nominations received in round one.

The Committee extended an invitation to members for a second round of submissions on 19<sup>th</sup> April 2017. Included in the second round invitations were the approved amendments/additions from the round one submissions and the amended draft of the 2017/18 LD's. This was circulated as Member Update 5 of 17 on 19<sup>th</sup> April 2017. Round two submissions closed on 15<sup>th</sup> May 2017.

#### **4.3 Step Three**

The Commerce Committee met on 21<sup>st</sup> August 2017 and endorsed the 2017/18 GTA Location Differentials for QLD, NSW, VIC to be approved by the GTA Board and released to Industry.

#### **4.4 Step Four**

The GTA Board approved the 2017/18 GTA Location Differentials for QLD, NSW, VIC on 25<sup>th</sup> August 2017 and instructed they be released to industry and made available on the GTA website.

#### **4.6 Step Five**

The 2017/18 GTA Location Differentials for SA & WA are yet to be supplied to GTA. Once these are endorsed by the GTA Commerce Committee and approved by the GTA Board, a Member Update will be circulated to Members advising of the 2017/18 GTA Location Differentials for SA & WA are approved.

### **5. Effective date**

Location Differentials for QLD, NSW, VIC become effective on 1 October of each year.

The GTA LD's released for SA & WA are based off those released by Viterra and CBH through their Export Select Rates and Grain Express rates respectively and Bunge with respect for Bunge sites to Bunbury Port Terminal.

This does not preclude organisations from setting alternative rates as applicable to their commercial needs.

### **6. Location Differentials ARE NOT freight rates**

GTA releases Location Differentials each year to enable pricing of the *GTA No 2 Contract – Contract for grain and oilseeds in bulk delivered price basing point or port terms (Basis Track)* commonly referred to as the "Track Contract".

If they are used for other purposes this should be done in the knowledge that there may be a difference between the GTA Location Differentials and the actual cost of freight execution. This "freight price risk" or "freight basis" must be managed by commercial interests.

Members must adjust their port based pricing according to their analysis of the Location Differentials. The GTA Location Differentials are not published to be a substitute for management of freight price risk and the variation between the LD and the actual cost of execution of freight must be managed by the organisation commercially.

For more information refer to the GTA Fact Sheet – [Location Differentials](#)

### **7. Disclaimer**

GTA relies on information supplied by Port Terminal Operators (PTO) and Bulk Handling Companies (BHC's) at the time of development of the Location Differentials and therefore cannot guarantee the accuracy of the information contained in the LD's particularly in relation to mode of transport available.

Marketers should make their own independent enquiries with the appropriate BHC to verify the information contained in the GTA Location Differentials prior to making marketing decisions.

## 8. Changes to the GTA Location Differentials for 2017/18

The changes to the 2017/2018 GTA Location Differentials for all states are visible in the marked up tables below.

Where an amendment has been made to an LD or there is a new LD, this is indicated in **blue text** and accompanied by a brief explanation in the adjacent comments column.

Where a site or rate has been removed, this is indicated in **red text** and there is a line through it.

## 9. Special Notes

### Queensland

- a. It should be noted that recent changes include;  
Jondaryn – CHS Broadbent – operator has been updated

### New South Wales

- b. It should be noted that recent changes include;  
Moama – Southern Ark Storage sites have been removed

### Victoria

- c. It should be noted that recent changes include;  
Nullawil – Access Grain - New site added

### South Australia

- d. The GTA Location Differentials in South Australia are derived from the Viterra Export Select Rates provided to GTA;
- e. In 2010 it was agreed that the Committee adopt the same methodology that GTA employs for Qld, NSW and Vic for SA sites where a SA site is not owned by Viterra. Specifically, this would involve road distance to port of the particular site based on Google Maps based on the net tonnes per km rate for the nearest Viterra site adjusted for distance;
- f. SA sites with a port destination in an adjacent state use the same methodology employed in the destination state e.g. Victoria.

### Western Australia

- a. The GTA Location Differentials in Western Australia are derived directly from the CBH Grain Express Rates provided to GTA; without amendment.
- b. Metro Grain Centre (MGC) is no longer available as a grower Destination Site. Marketers still have the ability to transfer entitlement from Kwinana to MGC. All other non -standard movements may be requested via [customersupport@cbh.com.au](mailto:customersupport@cbh.com.au)
- c. The Arthur River and Kukerin Location Differentials to Bunbury rates are supplied by Bunge Agribusiness Australia.

**GTA Location Differentials 2017/2018 - QLD**  
**Effective 1/10/2017**
