

10th April 2024

Mr Tas Larnach
Committee Secretary
The Senate Rural & Regional Affairs & Transport Legislation Committee
PO Box 6100
Parliament House
Canberra ACT 2600

Via: *Online Submission* – rrat.sen@aph.gov.au

RE: Agriculture (Biosecurity Protection) Levies Bill 2024 and related bills

1.0 About GTA

Grain Trade Australia (GTA) is the focal point for the commercial grains industry within Australia. It facilitates trade and works to provide an efficient, equitable and open trading environment by providing leadership, advocacy, and commercial services to the Australian grain value chain.

GTA members are drawn from all sectors of the grain value chain from production to domestic processor and exporters. GTA members are involved in grain trading activities, grain storage, grain for human consumption and stock feed milling. A list of GTA members is attached as an addendum to this submission.

2.0 Introduction

The Australian grain industry¹ is a major economic contributor in regional Australia and to export revenue, with annual value of production in 2022/23 forecast (excluding rice) to be a record \$30.7 billion at the farm gate and \$28.3 billion of exports², meaning the grain industry is the highest value industry in the agriculture sector, contributing more than 33% of Australia's agricultural gross value of production annually.

GTA and its members support government and industry activity to ensure our internal supply chain biosecurity and acknowledge it must be adequately funded.

3.0 Collection of the Sustainable Biosecurity Funding

GTA's members are the primary purchasers of grain from Australian grain producers and consequently perform the role of collection intermediaries for grain based agricultural levies. The collection and transmission of funds requires sophisticated systems and processes to ensure levies are correctly deducted from growers and paid to appropriate government agencies and other stakeholders such as plant breeding companies. The establishment and operation of these systems on behalf of government comes at a cost to GTA members.

The introduction of the producer's biosecurity levy as an additional and separate process to the existing Agricultural Levies introduces complexity and further cost to GTA members. GTA therefore encourages government to avoid any unnecessary impost on levy collectors and seek where possible to utilise existing systems, processes and collection mechanisms for the biosecurity level wherever possible.

4.0 Design and Implementation of the Biosecurity Collection Model

GTA understands and appreciates the effort required by Government to structure a design that is equitable across each of the agricultural sectors. This however is complex, and the best efforts

¹ Grains include wheat, coarse grains, oilseeds, oilseed meals and pulses

² Source: ABARES, 2023

are likely still to return a model where some sectors contribute more than others, either within a year, or ongoing. Inequity will create discord and the need for ongoing review and analysis by Government. Management of this process will be costly.

5.0 Timing of Implementation of the Biosecurity Collection Model

The stated objective to introduce this new levy from 1 July 2024 is ambitious. There is much for Government to consider, design and process prior to the provision of information to each industry sector to allow the design and introduction of collection systems and processes.

GTA members will require time to implement this change. Systems updates and enhancements to support change will need to fit within current priorities and workloads of individual companies.

GTA is aware that several sectors do not have existing levy collection systems and processes. Government will need to manage the implementation process and the timing of collection to ensure the process and commencement of levy collection is equitable across these different sectors.

6.0 Conclusion

The introduction of the producer's biosecurity levy and its timing appears to have not fully considered operational and practical complexity as well as additional cost for both industry and Government. These costs can be substantial and need to be considered as part of the perceived value of the levy.

Thank you for the opportunity to make this submission. We request that you keep us updated on developments and progress in this important review.

Please do not hesitate to contact GTA should you have any queries or should we be able to be of assistance.

Yours sincerely,

Pat O'Shannassy
CEO, Grain Trade Australia
